

Book Review of stitch by Padraig Kenney

Stich is about a boy called stitch. Stich is made of parts of a human body and he is a boy. He was made by Professor Hard case his hair is brown and he has two granddads Alice and Henry. He enjoys scraping the castle and stitch and his granddads Alice goes to save Henry and then

I would give this book 

I liked when stich made a parent and henry x an ogre

It could be improved by not having the ogre and ~~henry~~ and a few pictures in the book
