

Roald

Dahl

I like how there's  
a girl that's small  
and there are  
the giants very big

BFG

What I like about the book is that  
it's adventurous.

I like that the giant just  
took her with no permission

What I liked about book is  
that it's funny

I like how there's  
of the movie no sad parts
